

SLIP-ON SERIES MUFFLERS

- Slip-on mufflers represent the first step in the exhaust system tuning process
- Easy to install and offers a great balance between price and performance
- More power, more torque, less weight and the unique Akrapovic sound
- Muffler sleeves constructed from titanium or carbon fiber
- End caps constructed from titanium or carbon fiber
- Optional available stainless steel or titanium headers (sold separately) offer an upgrade to a full system when used with the Akrapovic slip-on muffler
- Optional stainless steel or titanium link pipes (sold separately) can be combined with Akrapovic slip-on mufflers
- Optional carbon fiber muffler brackets and heat shields are available separately for some models

NOTE: Country restrictions apply. Please check our website if these products can be shipped to your country.

FITS MODEL	DESCRIPTION	APPROVALS	PART #
APRILIA			
RSV4 21	Single carbon muffler/carbon end cap	-	1811-4238
	Optional carbon muffler bracket	-	1860-0961
Tuono V4 21	Single carbon muffler/carbon end cap (for perfect performance, throttle response and durability ECU re-mapping is recommended)	-	1811-4238
	Optional carbon muffler bracket	-	1860-0961
BMW			
R nineT 21, R nineT Racer/ Pure/Scrambler/ Urban G/S 21	Single black titanium muffler/carbon end cap	EC/ECE Type Approval	1811-3290
	2-into-1 stainless headpipe (must order link pipe to install)	-	1812-0539
	2-into-1 titanium headpipe (must order link pipe to install)	-	1812-0540
	Titanium link pipe for low installed muffler (must remove pillion passenger frame to install and aluminum muffler holder from BMW's accessories range (BMW product code 77 11 8 564 071) must be mounted, and covers for the main frame's threaded fasteners (BMW product code 77 25 8 536 857) are also recommended to hide the unattractive screw connections on the main frame)	EC/ECE Type Approval	1812-0541
	Titanium link pipe for high installed muffler (must remove passenger pegs to install)	EC/ECE Type Approval	1812-0542
DUCATI			
Hypermotard 950/SP 19-21	Dual titanium mufflers/titanium end caps	EC/ECE Type Approval	1811-4240
SUZUKI			
GSX-S1000/ 950F 21	Single titanium muffler/carbon end cap and heat shield	EC/ECE Type Approval	1811-4237

KENAI SERIES 37/47 LITER ALUMINUM TOP CASES

- Kenai top cases are made of high-quality hardened aluminum alloy construction with clear anodized finish to prevent discoloring or oxidizing and keep them looking new
- Kenai lock system uses AISI 304 stainless steel integrated lock system that incorporates handle/locking mechanism to secure cases to the mounts and lid opening case for internal access to contents
- This system is quick and easy to install or remove from the mount
- Lock System uses one key for all operations to lock system to mount and for opening trunk
- Locks include anti-dust protectors
- Releasing the case from the mount bracket, the handle can be used as a carrying handle for the case
- Waterproof double-sealing lid and compartment closure to prevent water entering the inside of case
- Built-in bottom mat to help prevent cargo from shifting during use
- Four built-in cargo hooks in lid are made of AISI 304 stainless steel for additional mounting points to add additional storage capability
- Optional backrest attachment can be used on both 37- or 47-liter top cases for added comfort when transporting a passenger: PART #3501-1831
- Optional inner expandable carrying bag available: PART #3501-1830

KENAI SERIES 36/47 LITER ALUMINUM SIDE CASES

- Kenai side cases are made of high-quality hardened aluminum alloy construction with clear anodized finish to prevent discoloring and keep them looking new
- Kenai lock system uses AISI 304 stainless steel integrated lock system that incorporates handle/locking mechanism to secure cases to the mounts and lid opening case for internal access to contents
- System is quick and easy to install or remove from the mount
- After releasing the case from the mount bracket, the handle can be used as a carrying handle for the case
- Lock system uses one key for all operations: to lock system to mount and for opening trunk
- Locks include anti-dust protectors
- Large 47-liter case can accommodate up to two helmet storage
- Folding tray for easy access and securing contents from falling out when lid is open
- Waterproof double-sealing lid and compartment closure to prevent water entering the inside of case
- Cases are designed to be self-standing when removed from bike and built-in case guards reduce chance of damaging cases during use
- Kenai side case accessories include: expandable inner storage bag that can be used for side or top case applications PART #3501-1830; also available is a detectable inner mesh net PART #3501-1832 that can be attached to the folding tray and top of case to prevent contents from moving or falling out when lid is open and allows viewing contents without unloading case

KENAI SERIES ADVENTURE LUGGAGE

What to order:

- Side case mount kit for your specific motorcycle (refer to mount kits). Instructions are available to download at www.mooseracing.com (select by clicking on part number)
- Kenai Aluminum side cases are sold as each, left or right (see chart)
- Make sure you know if your mount is offset to accommodate exhaust; if yes, then you will need to use smaller case on exhaust side to balance out load and to keep overall profile symmetrical
- Kenai top case mount specific to your motorcycle (refer to chart for proper kit). Instructions for top case mounts are available to download at www.mooseracing.com (select by clicking on part number of mount)
- Kenai Aluminum top case (see chart to determine size and which style top mount bracket you prefer, aluminum or composite). You can determine how many locks you will need to match to your side and top cases
- Optional Kenai accessories include: inner liners for side case and top cases, passenger backrest pad, lock sets and inner cargo net (see chart for details)

SIDE CASE MOUNTING KITS

- Kenai Mount kits are made from 20 mm (¾") tubing which is currently the largest tube diameter in the market
- This size tubing provides a strong mounting base to attach the Kenai side cases
- All mounts are powdercoated to provide a corrosion-resistant mounting surface
- Mount kits use a rear crossbar design to provide maximum rigidity and helps resist damage in the case of the bike falling over on the trail
- Keep in mind that a 36-liter case must be used on the exhaust side to keep the bike evenly balanced
- All mounting kits are designed specifically with brackets and mounting points to assure correct fitment to motorcycle
- All kits come with complete hardware and instructions for assembly

TOP CASE MOUNTING PLATE OPTIONS

- There are two top case mounting options:
- Aluminum mounting plate PART #3516-0358 or composite top mounting plate PART #3516-0359 (hardware included)
- Some kits may require additional mounting kit to complete installation (see each application for details)

DEMO AIRFLITE™ MIPS STEALTH™

- MIPS is now available in a Street helmet
- MIPS Brain Protection System can reduce harmful forces transmitted to the brain in certain types of impacts by allowing a slight uncoupled movement of the shell and liner during a crash
- Injection-molded polycarbonate shell for strength
- Multiple oversized intake and exhaust ports are strategically placed to keep you cool and comfortable, including four intake vents, MX-inspired chinbar vent and two exhaust ports that channel air between the comfort liner and the protective, energy-absorbing EPS foam liner
- Quick-change, fog-free outer FliteShield™ keeps debris away, while the internal, interchangeable DropShield™ keeps the sun in check with the flip of a switch
- Removable molded breath deflector and chin curtain
- Moisture-wicking Hydradry™ interior is fully removable and washable
- Both wind drag and weight are decreased by sculpting the traditional neckline of the Airflite™ to avoid jacket or suit interference
- See helmet size guide on page 9 before ordering
- Meets DOT FMVSS 218 (US), ECE 22-05 (Europe), SAI AS1698:2006 (Australia) and PSC (Japan) safety and testing standards

NOTE: Does not ship with SAI, PSC OR MFJ certification stickers unless purchased from an authorized dealer in that country.

Includes Clear FliteShield™ and Dark Smoke ForceShield™; Includes Dark Smoke DropShield™

**AIRFORM™**

- Injection-molded polycarbonate shell for strength
- Internal airflow geometry and continuous venting system keep rider cool
- Fog-free Icon Optics™ shield with Rapid-Release™ system
- Prolock™ positive shield-locking system
- TracShield™ shield with tear-off posts available; sold separately
- Internal Dropshield™ with exterior switch
- Comfortable sculpted neck roll
- Removable molded breath deflector
- Fully removable Hydradry™ 3-piece moisture-wicking liner
- Internal speaker pockets work with Icon's R.A.U. Bluetooth® device
- See helmet size guide on page 9 before ordering
- All World Standard meets or exceeds the following:
DOT FMVSS 218 (USA), ECE 22-05 (Europe) and
PSC (Japan) helmet safety standards

NOTE: Does not ship with PSC or MFJ certification stickers unless purchased from an authorized dealer in that country.

NOTE: The Dropshield™ visor must only be used while the main face shield is in the fully closed position.

SMX 1R v2 BOOTS

- Ergonomic boot shaping for forefoot streamlining which offers wide-ranging foot profile fit and comfort
- Evolved closure strap is anatomically angled to follow natural shape of rider's instep
- Front hook-and-loop closure system offers a quick and secure fit over the instep area while permitting excellent levels of flex; strap features TPR puller for ease of use
- Aramid fiber wires ensure the new strap closure system is durable, thin and lightweight
- Alpinestars exclusive compound rubber sole with grip patterning to promote improved feel and grip, water dispersion and durability
- Sole features integrated Alpinestars TPF (Transversal Protection Frame) to protect against possible transversal loads
- Instep and Achilles' accordion flex zones are constructed from lightweight microfiber for optimized levels of durability, comfort and maneuverability on and off the bike
- Thermowelded flex grooves to control the flexion and flexibility of the shoe; instep, medial and back
- Reverse zip closure ensures convenient in and out
- External, high modulus TPU heel counter, lateral ankle and shift pad for improved shock protection and durability
- Main upper constructed from an advanced microfiber for comfort, durability and excellent abrasion-resistance
- Innovative heel counter support system, which works in conjunction with a strap closure to offer improved fit and support, as well as structural integrity
- Rear of heel counter has been designed with soft TPR insert which works seamlessly with the rear flex zone to allow for improved freedom of ankle movement and comfort on the bike's controls

- Rear flex bellow is equipped with a flex window, which also acts as an air intake for effective ventilation and airflow
- New ergonomic TPU shift pad for enhanced durability in a critical area
- Double density ankle protector on both sides layered under the upper offers protective performance and abrasion-resistance in key areas
- Internal toe box protection is layered under the upper for durability, improved feel and performance
- Removable anatomic foot-bed includes EVA foam and Lycra® for comfort and support
- Internal mesh lining for cooling comfort and moisture-wicking
- Integrated, replaceable bi-injected TPU forefoot slider features new easy-screw fixing concept for quicker and easier replacement
- The following standards apply to this product: EN13634:2017
- Available in men's sizes 38-50; check Alpinestars size chart on page 15 before ordering

TECH 3S KIDS BOOTS

- Designed for junior riders
- Upper construction is made from innovative, lightweight microfiber material that is flexible and abrasion-resistant
- Light microfiber on the front and rear bellows for added comfort in the flex areas
- Toe box is made of synthetic material for high abrasion resistance
- Extended PU synthetic gaiter helps seal out water and dirt
- Contoured TPU calf guard, TPU higher medial guard, TPU outer lateral ankle guard and TPU heel counter for support and impact resistance
- Rear TPU gaiter patch applied on top of the TPU guard for added impact resistance and comfort on the rear flex zone
- Injected TPU shin plate is connected with the TPU medial guard panel
- Hook-and-loop upper boot closure with a TPR flap to fit a wide range of calf sizes while providing comfort and support
- TPU higher medial guard is designed with a technical texture for improved grip
- Biomechanical medial blade system allows good front/rear flex of the boot and provides support and impact resistance to the ankle
- Ergonomic TPU triple buckle straps wrap smoothly around the front flex area from the medial guard to the lateral side of the boot without compromising boot flex
- Boot closure system includes ratchet closure with memory system and a quick-release/locking system with a self-aligning design for easy, precise closure
- All buckles are replaceable
